AUTHORIZING FINAL CHANGE ORDER NO. 20 TO THE
CONTRACT WITH DeMAIO ELECTRICAL COMPANY**

WHEREAS, a purchase order was prepared in the name of DeMaio Electrical Company under a locally bid contract for the Rehabilitation of 5 Pump Stations; and

WHEREAS, it is necessary to adjust the contract to reflect emergency service work performed at Skyline Pump station due to pump failures;

Change Order #	Description	Amount	Net Amount of Contract
20	The modification included a new semi-open impeller, 6" suction volute and 6"x6" suction elbow. The pump- was tested with no noticeable reduction in the noise at the design flow rate of approximately 600 gallons per minute (gpm). And similar to the results of modification no. 2 the noise quieted at flow rates around 500 gpm. This flow rate does not meet the station design requirements so the station would be operating under the required capacity. Since this modification did not substantially reduce the noise issue at the design flow rate, ABS provided the parts at no charge.	\$3,030.00	\$1,058,581.09

WHEREAS, Goldcon, Inc. the owner of 49 Popular Drive (Block 10512, Lot 1) has requested a connection to the Township wastewater treatment system to replace a previous connection to that property; and
