ORDINANCE 464-20 (AMENDED / CONTINUED PUBLIC HEARING / ADOPTION)

OPEN PUBLIC HEARING

Marianne Noonan, 110 Lackawanna Blvd – submitted via email –

My first comment is in reference to **Ordinance 464-20** - An ordinance regulating the removal of trees, amending chapter XXII of the township code entitled shade trees in its entirety.

My first comment is in reference to Section 23-9, Section 23-12 and adding a caveat regarding a fallen tree as the result of major storm winds on a county versus a township road.

Section 23-9 - Notice to Owner or Occupant to Remove or Maintain Dangerous Trees Outside the Right-of Way.

What conditions must prevail for the Enforcement Officer to require the removal or maintenance of a tree on private property that is dangerous to public safety.....What is the exact definition of a dangerous tree per se? The residents of larger lots and older homes are primarily impacted as they loved their trees prior to the devastation that Sandy took on them as well as 3 other storms. For example, you have a disgruntled neighbor who calls the town and states that your tree is dangerous to their property. How would such Enforcement Officer conduct their diligence. If the tree is deeply rooted but may be slowly dying, and the only reason the tree could cause damage would be due to a high wind storm, what stand would the Enforcement Officer take? I would like to know who the Code Enforcement Officers are within this Ordinance. Is it a validated, vetted, knowledgeable tree service being outsourced by the town?

With regards to the 30-day period for tree removal, do you realize that currently, it takes 3 weeks just to get a tree service appraiser in to give you a quote. Secondly, a tree service will not enter your private property with their trucks if the property is not dry enough as their trucks will sink? They will not do the servicing.... In fairness to owners who have multiple trees on their properties, a quote to remove 2 large trees can range from \$3k - \$6k.

I see that our OEM team to the best of my knowledge has not been engaged in this ordinance. I would like more clarity with reference to the removal of trees as a result of a slight to significant storm that may uproot a tree from one's property onto the street blocking passage. The tree was not defective, but the surge of the wind uprooted such tree. Residents are protected who live on County Roads but what about Township Roads?

I think we all recall the major power outage in Gillette that took place and could have been remediated in one day if the County removed the tree blocking passage on Mountain Ave.....I would hope after the last couple of storms we would be proactive here with regards to engaging the OEM.

Section 23-12 - Violations and Penalties

Is the Township Code a Resolution? I ask those who were copied in my previous email from this morning, to take a look again at my request to have the Township Resolutions on the Website akin to the Township Ordinances. I understand that a Township Resolution must be Memorialized, but I ask again, why the Memorialized Resolutions are not on the Township Website?

Marianne Noonan, 110 Lackawanna Blvd - Confirm speaking with Mayor Rae about the submitted public comment and still questioned the 30 day waiting period. Mayor Rae and Attorney Pidgeon gave clarification.

Tom Grosskopf, Milton Ave – spoke about various sections and received clarification from Attorney Pidgeon. Also thanked the Mayor for his PSA for COVID-19.

 2. To control the indiscriminate destruction of trees which has been shown to have severe detrimental environmental, ecological and economic effects including increased soil erosion and surface drainage problems, creation of insect breeding sites, decreased oxygen production, decreased property values and increased Township costs and thereby to eliminate a threat to the public health, welfare and safety.
 3. To protect the semirural character and natural resources of the Township, consistent with the goals and objectives of the Master Plan. This section is not intended to restrict homeowners from removing dead, diseased, or hazardous trees.
