ADDENDUM

Statement of Facts and Support of an Application

The property and buildings located thereon are currently being used for industrial and commercial purposes, which is the historic use of the property. The property is 11.90 acres in size and the applicant proposes to develop approximately 2/3 of the property with the balance remaining undeveloped due to environmental restrictions as a result of its prior industrial use.

The applicant proposes the development of the property consistent with the MU-O Zoning which was adopted by the Township as part of a settlement with Fair Share Housing Center (FSHC) regarding the provision of affordable housing.

The applicant is proposing the demolition of all existing structures and related site improvements. The proposed development will include fourteen 10-unit multi-family rental buildings containing 140 total units, an 1,800 square foot community building and a 4,992 square foot retail building and related site improvements, including 307 parking spaces.

The majority of the residential units will be 2-bedrooms (126) with the balance (14) being 3-bedrooms. The residential buildings will be 3 stories in height with ground floor garage parking.

15% of the residential units proposed or 21 will be affordable in accordance with the Township's settlement agreement with FSHC.

The proposed development complies fully with the requirements of the MU-O Zoning for the property and no variances are required.
