

POOLSIDE ELEVATION

FLOOR PLAN

PARKING SIDE ELEVATION

SIDE ELEVATION

NOTES:

1. Architectural design is Schematic. Building size, heights and plan layouts are accurate and meet ordinance and life safety codes. Approved building plans will be detailed and documented for construction.
2. Materials are brick and grey-blue siding to reflect the architectural palette of the residences.
3. Roof style and pitch reflect the residential design.
4. Decorative, accent building lighting is illustrated above.
5. Surrounding site paving, lighting and landscape illustrated in above views are conceptual. Refer to Civil and Landscape plans for site layout and details.
