

GooseChase

Scavenger Hunt

The Long Hill Recreation Department is going on a Scavenger Hunt and inviting you to join us in this adventure!!

****FREE AND FUN FOR ALL AGES****

GooseChase is an app that you can download through the App Store on your mobile device. The Long Hill Recreation Dept. will be uploading new "missions" each week until school begins starting on August 10th.

FIRST

Please register for the Scavenger Hunt on Community Pass under Summer 2020. Register by August 7th at noon. Once you have registered we will send you the game code to participate and additional instructions.

SECOND

You will need to download the GooseChase App on your phones and create a Family Team Name. We are asking everyone to do this as a team, and not individuals. Once you have created a team, you will be able to begin your Mission with the Recreation Dept. You will know you are in the correct game when you see our Logo.

Each mission will have a theme and points associated with each task. Your goal is to have the most points for your team before the mission ends. The winner will receive something special from the Recreation Department!

The Recreation Dept. will be monitoring every team and can deduct points if a certain task isn't done correctly or has a wrong picture associated with each task. Also, we can add EXTRA points for a job well done! (Please note: you will be disqualified for the posting of any obscene or profane content and will be banned from all future games.) Once the mission has ended, that is the end of the game and we cannot extend it any longer. We will look at the leaderboard, see which team won, and announce the winner!

The goal is to have fun and work together as a family to gain as many points as you can to be on top of the leaderboard! If you have any questions, please do not hesitate to contact Lisa or Danielle at recreation@longhillnj.gov or recreationasst@longhillnj.gov, or call at 908-647-8000 x219 or x267
