

14th Annual

# City Of Water Day

Help clean our streams  
**Sat, July 10, 10AM-1PM**

COW Day is a celebration of the waters that surround us. Great Swamp Watershed Association (GSWA)\* invites you to observe this important day by helping us clean up the stream.

Our theme this year is climate change and the impacts of flooding on water quality. We will highlight this issue by tracking and sharing the single-use plastic collected by our volunteers.

## **VOLUNTEER CLEANUP LOCATIONS**

Chatham River Park - Berkley Heights, Spring Garden Brook - Madison  
Loantaka Headwaters - Morristown, Canoe Launch - Livingston,  
Passaic River - Long Hill/Millington

## **REGISTRATION & QUESTIONS**
